OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 9852/350 dt (8) Mysore, ~~Bangalore~~ 5th June 1899

From

H J BHABHA Esq.,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
in the General & Revenue Depts,
Bangalore

SIR,

In continuation of my letter No 9103/308 dated the 13th May 1899, I have the honour to inform you that since the date of that letter applications for building grants in aid of three schools in Shimoga have been received from Rev W H Thorp of the Wesleyan Mission, and an application for a building grant of Rs 10,000 in aid of a school for Europeans and Eurasians proposed to be erected in the Kolar Gold field by a Committee of which Mr Hume Wright Special Magistrate is Secretary I enclose the usual tabular statement giving details of each application, and recommend that the grant asked for by Mr Thorp may be sanctioned and included in the budget for 1899-1900

2 The building grant asked for by the Kolar Gold Fields School Committee is Rs 10000. The Mining Boards have subscribed Rs 10,000 and the Committee asks for a similar amount from Government It is proposed to erect a

school house of 4 rooms measuring 20' x 20', one (hall) room measuring 40' x 20' with verandahs washing and cloak rooms, and also to erect teachers' quarters containing 7 rooms 12' x 12', 5 bath rooms, 2 cookhouses &c The two buildings will not cost as far as I can judge less than Rs 18,000 The Committee sends no plans or estimates - In Madras one-third of the cost of school buildings is considered to be the maximum grant, and no grant is allowed in aid of residences for teachers except in the case of orphanages and homes for destitute European children - I believe it would be difficult to obtain rented houses for teachers in the Gold Fields, and if quarters are provided the salaries of the teachers will proportionately be smaller - Under these circumstances I recommend that a grant from Rs 6000 to Rs 8,000 as Government may be pleased to fix, may be promised to the Committee provided the plans and estimates are approved by me and the total cost of the school and the teachers' quarters does not fall below Rs 18000

3 Mr Hume Wright asks also for a furniture grant of Rs 1000 towards the cost of furnishing the school and teachers' quarters - I recommend that the grant may be sanctioned provided the cost of the furniture to the Committee is not less than Rs 2000 -

4 - I enclose herewith for reference and kind return letter No $\frac{4588}{3440}$ dated 23rd May 1899 of the Deputy Commissioner Kolar District forwarding Mr Hume Wrights application for the above building and furniture grants bearing this office Register No $\frac{11503}{77}$ of 27th May 1899

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 9853/351

~~Bangalore~~ Mysore, 5th June 1899

From

H J BHABHA Esq,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
in the Revenue and General Departments

Sir,

& No 56

In continuation of my letter no 9103/308 dated 13th May 1899, I have the honour to inform you that Mr Hume Wright Special Magistrate and Secretary of the Committee appointed to establish a School for European and Eurasian Children in Kolar Gold Fields has applied for a monthly grant of Rs 200 in aid of the school It is estimated that the average attendance will be 150 pupils and the amount of school fees collected monthly will be Rs 300, while the estimated cost of establishment is as follows -

	Rs
Head master and mistress ——	200
Two Assistant teachers at Rs 70 each ——	140
Two —— do —— do —— at Rs 50 each ——	100
Cleaning and Watching —— —— ——	30
Contingencies and repairs ——	20
Total Rs	490

The scale of pay proposed for a Lower

Secondary school appears to me somewhat liberal But as the staff has yet to be engaged, I recommend that the grant of Rs 200 asked for be promised on the following conditions —

(1) That the maximum monthly grant do not exceed $\frac{2}{5}$ of the monthly cost of instruction, nor the difference between the total amount of monthly fees collected and the total monthly cost of instruction

(2) That fees be levied at rates which should not be lower than those levied in St Andrew's Schools or other similar schools in Bangalore for European and Eurasian Children

I mention St Andrew's Schools in the second condition as these schools are intended for the Children of Middle Class Europeans and Eurasians.

I have the honour to be,
Sir,
Your most obedient Servant
H J Bhabha
Inspector General.
